DETAIL OF ACCREDITATION

**GLI UK Gaming Ltd is accredited for a flexible scope that enables it to:**

**1) Update currently accredited test methods to the latest versions of those test methods**
**2) Include methods technically equivalent to those currently accredited within the scope of accreditation**

**The limits of the flexible scope are given below:**

**Flexible Scope**

GLI UK Gaming Ltd is accredited to ISO/IEC 17025:2017 for testing activities in accordance with the test methods highlighted in the schedule. This may also include tests on the same or similar product types against standards, or customer-specified methods, that are not specifically listed in this Schedule, providing that:

(1) The method or standard does not introduce new principles of measurement.

(2) The method or standard does not require measurements to be made outside the parametric boundaries defined within the standard specifications already accredited and detailed within this Schedule of Accreditation.

Information about flexible scopes of accreditation is available in UKAS document LAB39 and EA document EA-2/05.
