Sub-contract Technical Assessors

UKAS is actively looking for sub-contract Technical Assessors in the following discipline.

Environmental Chemistry

Suitable applicants will:

- Have a number of year's practical experience within the Environmental Chemistry sector.
- Possess up-to-date and detailed knowledge of analytical methods, matrices and sector specific requirements relevant to their field of expertise.
- Demonstrate excellent interpersonal skills, being able to communicate effectively with laboratory staff, management and their customers at all levels.
- A working knowledge of the international standard ISO/IEC 17025 would be beneficial, although training will be available.
- Some experience of internal or external auditing would be beneficial.

UKAS cannot guarantee specific levels of work as this depends on the demands that our customers place on us. If you would like to discuss this in more detail please contact Paul Greenwood Email: paul.greenwood@ukas.com Tel: 020 8917 8556

For more information about UKAS and the role of sub-contract Assessors please visit our careers page on our website www.ukas.com.

Please post application documents to the HR Manager at UKAS, 21-47 High Street, Feltham, Middlesex, TW13 4UN. Fax: 020 8917 8663 or Email: humanresources@ukas.com

The United Kingdom Accreditation Service (UKAS), a company limited by guarantee, is the sole body recognised by Government to assess and accredit the competence of laboratories, certification bodies and inspection bodies.
