Testing performed by the Organisation at the locations specified below

Construction Testing Solutions Limited is accredited to conduct the activities detailed below, in accordance with their documented in-house procedure: Quality Procedure FXS issue 5 Rev

- 1. Establish Temporary Site laboratories to conduct the construction materials testing and sampling activities.
- 2. Transfer currently accredited test methods between the accredited locations listed on this schedule.

All testing and sampling relation to the above is references as **TEMP** under the location field on the schedule.
