Testing performed by the Organisation at the locations specified below		

Construction Testing Solutions Limited is accredited to conduct the activities detailed below, in accordance with their documented in-house procedure: Quality Procedure FXS issue 5 Rev

1. Establish Temporary Site laboratories to conduct the construction materials testing and sampling activities.
2. Transfer currently accredited test methods between the accredited locations listed on this schedule.

All testing and sampling relation to the above is references as **TEMP** under the location field on the schedule.
