British Engineering Services Limited
Issue No: 003 **Issue date:** 28 August 2025

DETAIL OF ACCREDITATION

| Accreditation for the purpose of UK Approved Body Activity in accordance with UKCA Requirements and UKAS Publication GEN 5 | | | | |
|----------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|
| Directive / Regulation | Conformity Assessment procedure/ Module/article | Category of products or individual products | Essential requirements: Product specification /Properties/Standards | Location code |
| Lifts Regulations 2016, SI 2016 No 1093 as amended | Assessment Procedure as defined in Part 3 of the Regulations: - Schedule 11 UK Type-examination for lifts (Module B) Schedule 15 Conformity based on unit verification for lifts (Module G) Schedule 18 Conformity based on full quality assurance plus design examination for lifts (Module H1) Schedule 19 Conformity to type based on production quality assurance for lifts (Module D) | Lifts in accordance with Regulation 47 | Schedule 1 Essential health and safety requirements and assessment of technical documentation, quality system and/or products in accordance with the relevant Module. | A, B |
| The Supply of Machinery (Safety) Regulations 2008, SI 2008 No.1597 as amended | Assessment Procedure as defined in Part 3 of the Regulations: - Schedule 2 Part 9 Type examination | The following categories of machine specified in Schedule 2, Part 4 of the regulations: 17. Devices for the lifting of persons or of persons and goods involving a hazard of falling from a vertical height of more than three metres. | Schedule 2, Part 1 Essential health and safety requirements and assessment of technical documentation | A, B |

Accredited to ISO/IEC
17065:2012 to provide product
conformity certification
