Standard Terms of Business  
(Effective from 1st April 2019)

Scope
Unless indicated otherwise the standard terms of business apply to customers seeking or holding United Kingdom Accreditation Service Ltd (“UKAS”) accreditation.

The standard terms of business for Imaging Services and Physiological Services accreditation, Clinical Pathology Accreditation (UK) Ltd (“CPA”) customers are not within the scope of this document.

Fee structure and definitions
The price list that is effective from 1 April 2019 is on page 6 of this document. Our prices are reviewed annually and are subject to amendment at any time.

Application Fee
The first step when seeking accreditation is to submit a completed application form and the application fee so that we can begin consideration of the applicant’s readiness for accreditation. Once accredited, no further application fee is payable for subsequent applications for accreditation to additional standards, or extensions of scope within a standard.

The fee is payable in advance of the application review process and is not refundable if the applicant withdraws.

Pre-assessment and Initial Assessment Work
Pre-assessment or initial assessment work is that required for the grant of accredited status under a standard separate from any currently held.

Surveillance and Re-assessment Work
Once accredited, customers will be provided with a four-year programme giving an estimate of the quantity of effort for office, assessment, overseas travel and measurement audit work (where applicable). Thereafter, customers will be advised of any revised effort brought about by, for example, an extension of scope.

All other work, including the clearance of any nonconformity identified as a result of an assessment, whether this involves extra visits or not, will be subject to an additional charge over and above the quotation. Your assessment manager will advise you of the additional time to be charged during or reasonably soon after the assessment visit.

Extension to Scope
Organisations wishing to extend their accreditation must complete an appropriate application form for the appropriate category available from our web-site. Additional assessor, expert or administration time is required to process and assess an extension to scope and a separate charge will be made.
Technical Assessment Resource Supplement
Where a customer’s speciality or other circumstances require us to use specialist assessors or experts with a day rate above £600 per person per day, we reserve the right to pass on to the customer any excess charges we incur.

Measurement Audits and non-accreditation work
Measurement audits and other non-accreditation related work are priced individually.

Units of Time
Rates for our services will be calculated in days, half days or quarter days per person. We will not bill our time for journeys wholly within the United Kingdom. If the working day is unduly prolonged, an additional half or quarter day per person may be charged.

Travel Rechargeable Time
Total travel time to reach assessment destinations outside of the United Kingdom and/or offshore work which is based in the UK will be charged at the relevant day rate in days, half days or quarter days per person. For the purposes of calculating total travel rechargeable time, United Kingdom will include the Crown Dependencies where the total travel time is less than 3 hours.

UKAS reserves the right to charge for travel time for an assessment resource to travel from outside of the UK to conduct an assessment in the UK, where that assessment resource is specifically required by the customer.

Trapped weekend days are not generally billed. However, assessment team expenses for trapped days will be billed (see page 6 for current Travel & Subsistence rate).

Annual Accreditation Fee
Apart from the fees for assessment work above, some organisations will be subject to an annual accreditation fee. For information on when this charge will be applicable and how it will be charged please refer to the price list on page 6.

Expenses
See details in the price list on page 6.

Cancellation Policy and Charges
Where the customer cancels or postpones the date of a visit after it has been agreed, a fee is payable as set out below.

Surveillance and Reassessment visits will normally be booked and agreed with the customer three or more months in advance. Other assessments, including witnessed assessments associated with surveillance and reassessment visits are booked at shorter notice.

Cancellation charging policy is as follows:

<table>
<thead>
<tr>
<th>Visit postponed / cancelled by customer</th>
<th>Charge</th>
</tr>
</thead>
<tbody>
<tr>
<td>Within 14 days of issue of the quotation</td>
<td>No charge</td>
</tr>
<tr>
<td>30 days or more before the start date of the visit</td>
<td>25% of the fee</td>
</tr>
<tr>
<td>Within 30 days of the start date of the visit</td>
<td>100% of the fee</td>
</tr>
</tbody>
</table>
In all cases, any non-refundable travel or subsistence costs that have been expended will be recovered from the customer at cost price.

An invoice for the cancellation charge will be sent to customers and UKAS reserves the right to withhold any grant, maintenance or renewal of accreditation until it is settled.

Non-payment of invoices which require payment in advance of the assessment date on the due date of the invoice is considered as a cancellation of the assessment by the customer and the cancellation policy will apply.

UKAS reserves the right, in extenuating circumstances, to cancel or reschedule any scheduled assessment activity. In these cases, UKAS will be responsible for its own costs associated with the cancelled or rescheduled assessment. UKAS accepts no liability for any costs incurred by the customer themselves in relation to any assessment cancelled or rescheduled by UKAS in this way.

Reinstatement Fee
Where a customer’s accreditation is suspended for financial reasons e.g. late payment of invoices, a fee will be charged for reinstating the accreditation when the debt has been settled.

Quotations
Customers are entitled to quotations before work begins and are required to confirm their acceptance of the quotation within 14 days of the date of issue. Once work has started, the customer is deemed to have accepted the quotation and is committed to paying for the quoted quantity of effort and any expenses.

Although we will endeavour to carry out the job within the effort allowed by the quotation, we reserve the right to agree and bill for a different quantity if this is what is actually worked. Accordingly, it is in customers’ interests to ensure that their records and evidence are of the agreed standard. Any nonconformities that are identified during an assessment will require additional effort and therefore will result in additional charges.

Invoicing
Invoices are raised in sterling and are due and payable in full, are raised in electronic format and sent via email and, may be raised in stages, for example for lengthy projects or in relation to overseas work where UKAS incurs substantial travel costs in advance of visits.

Value Added Tax will be applied according to UK rules. Any non-UK taxes and all other transaction charges relating to the payment remain the responsibility of the customer.

Payment Terms
For UK customers, our standard payment terms are 30 days from the date of the invoice, except where indicated that payment is required before any work is undertaken. We reserve the right to withdraw credit, (for example in cases of bad credit or payment history) in which case payment is required in advance of any work being undertaken.

For non-UK customers, UKAS’ standard business terms are for payment before any work is undertaken.
For customers who are required to pay in advance of any work undertaken, invoices will be issued as soon as work is scheduled and no more than four months in advance of the day that work is to be undertaken.

Fees up to and including initial assessment and any associated supplementary or close out work must be paid before accreditation is granted.

We are committed to resolving any invoice queries as soon as possible. Any query over an invoice must be raised in writing to the invoicingteam@ukas.com and copy financehelpdesk@ukas.com within 30 days of the date of the fee note. If no query is so raised within this period the fee will be due and payable without any right of further explanation, amendment or dispute.

We have a statutory right under the Late Payment of Commercial Debts Regulations 2013 to add interest and late payment at an annual rate of 8% plus the Bank of England base rate, calculated from the date of presentation of the invoice and to include charges for any costs of recovery, which will be added to and payable with any invoices amounts due. We also reserve the right to stop work and terminate accreditation on financial grounds if payment of any fees billed is unduly delayed.

Payment Methods
We accept electronic payment via bank transfers and or credit card payments by phone. You can make a payment by phone by calling Finance on 01784 429003.

Call Recording
Your calls to UKAS and calls from UKAS to you may be recorded for training and quality purposes. UKAS may also use recorded calls for the purpose of handling complaint procedures.

Applicable Law
Unless otherwise stated, our engagements are governed by, and construed in accordance with, English law. The Courts of England will have exclusive jurisdiction in relation to any claim, dispute or difference concerning our engagements. Each party irrevocably waives any right it may have to object to any action being brought in those courts, to claim that the action has been brought in an inappropriate forum, or claim that those courts do not have jurisdiction.

If any provision in this Standard Terms of Business or any associated engagement letter, or its application, are found to be invalid, illegal or otherwise unenforceable in any respect, the validity, legality or enforceability of any other provisions shall not in any way be affected or impaired.

Complaints Procedure
In the event that a customer wishes to complain to UKAS, any investigation undertaken will be in accordance with the Customer Feedback process, details of which are available on the UKAS website.

The right of a customer to appeal against an accreditation decision is contained in Section 10 of the UKAS Agreement and the process governing appeals is set out in the UKAS Appeals Procedure, a copy of which can be found on the UKAS website. An appeal will need to be submitted in writing to UKAS’ Business Development Director (or
nominated person) within one month of the date of the decision. Notwithstanding a customer’s right to appeal an accreditation decision, a customer retains the obligation to pay UKAS for any work done in accordance with the payment terms as set out in this document.
