

UKAS Terms and Conditions of Business for Imaging Services

1 Scope

All organisations seeking or holding UKAS accreditation for the Imaging Services are required to comply with the terms of business as outlined in this document in addition to those set out in the UKAS Agreement. All UKAS Customers are required to sign the disclaimer attached at [Appendix A](#).

2 FEE STRUCTURE

2.1 Pre-application Information and Fee

2.1.1 Any organisation wishing to apply for UKAS assessment and accreditation are encouraged to firstly register for the Traffic Light Ready (TLR) pre-application stage by completing the registration form available from the UKAS website.

2.1.2 The fee for pre-application registration which includes access to a bespoke on-line self-assessment system and attendance at a UKAS Preparation for Accreditation workshop is £500 plus VAT*. The fee paid will be refunded in full if the organisation submits its formal application for UKAS assessment and accreditation within 12 months of issue of the TLR tool. Please note that only one TLR tool would normally be issued to each organisation.

* *£500 assumes an application in April. Applications received at other times will be charged pro-rata initially and then an annual re-registration fee of £500 will be due on 1st April in subsequent years where no formal application has been received for Assessment and Accreditation.*

2.2 Application Fee

Customers seeking accreditation are required to submit an application fee of £1,500 + VAT. This fee is non-refundable and must accompany the formal application for accreditation. Once accredited no further application fee is payable.

2.3 Accreditation Fees

2.3.1 Accreditation fees are payable in annual instalments over the 4-year accreditation cycle.

2.3.2 Accreditation fees are calculated based on the effort required to complete the assessment and accreditation process in order to grant and maintain accreditation status for the customer concerned.

UKAS Terms and Conditions of Business for Imaging Services

- 2.3.3 The effort for the assessment and accreditation process for the Direct Pathway includes:
- A dedicated Assessment Team as explained in 2.3.7 below
 - One pre-assessment and contract review meeting by the Assessment Manager at UKAS Head office
 - Annual off-site examination of documents by the entire assessment team via the UKAS web-based assessment tool
 - One 2-day on-site assessment visit by the entire assessment team during the initial assessment period
 - One 1-day on-site assessment visit by part of the assessment team during year two of the 4-year accreditation cycle
 - An element of on-going monitoring, evaluation and administrative support
- 2.3.4 Customers that select the Staged Pathway will have a second pre-assessment meeting at their head office location. The cost of this additional effort is specified in section 2.4.2 below.
- 2.3.5 The assessment effort and team size will vary depending on the complexity and size of each customer which will determine the assessment approach. Refers document entitled *Imaging 1: The Conduct of UKAS Assessment for Imaging Services*. The following factors are considered in calculating the assessment effort and approach required:
- Type of customer e.g. mobile units, hospital departments, clinics
 - Number of service delivery locations and geographical distance between locations
 - Number of imaging modalities to be assessed at each location
 - The quality of documentary evidence submitted within the web based tool
 - The complexity and quality of the management and control systems of the customer
- 2.3.6 Normally, the on-site visit during the initial assessment will cover all geographical locations listed in the customer's scope.
- 2.3.7 The assessment team normally consist of a minimum of three assessors (a UKAS Assessment Manager plus one Technical/Peer Assessor and one Lay Assessor). For some small single location customers, the number of on-site assessment days may be reduced from that indicated in section 2.3.3 above. Where appropriate, the annual accreditation fees will be reduced accordingly.

UKAS Terms and Conditions of Business for Imaging Services

2.3.8 The table below shows the fee structure and typical annual instalments for a number of assessment team sizes.

Size of Team	Application Fee	Annual Accreditation Fee
3 persons	£1,500 + VAT	£4,523 + VAT
4 persons	£1,500 + VAT	£6,213 + VAT
5 persons	£1,500 + VAT	£7,905 + VAT
6 persons	£1,500 + VAT	£9,584 + VAT
7 persons	£1,500 + VAT	£11,286+ VAT

NB. This above prices are based upon the 2019/20 rates. This rate will be reviewed annually, usually 1 April, to take into account the inflation and other economic factors.

2.3.9 Customers with 10 or more service delivery locations will be charged a standard additional fee of £1,500 + VAT for a management review to enable UKAS to confirm their organisational structure and to assess the levels of management controls across the service delivery locations. The customer will be given an opportunity to consider the review findings and discuss these with UKAS prior to agreement of an assessment approach and issue of a quotation of accreditation fees for the 4-year accreditation cycle. In such cases, fees will be calculated to take account of increased effort in terms of increased numbers of assessors to undertake on-site visits annually to a specified number of service delivery locations.

2.3.10 A formal quotation of assessment fees to cover the assessment effort for the entire 4-year accreditation cycle will be provided to the customer at the culmination of the pre-assessment and contract review meeting. Refers in *Imaging 1: The Conduct of UKAS Assessments for Imaging Services*. If the assessment team subsequently identifies a need for additional/extra assessment effort at any stage in the process the cost of this will be communicated to the customer immediately and a revised quotation issued. Additional/extra effort will be charged at the rate shown in 2.4 below.

2.3.11 Once a quotation of assessment fees has been accepted by the customer and before the initial assessment process can continue the first instalment of fees will be charged by issue of a formal UKAS invoice. Subsequent annual instalments of fees will be invoiced on the date of granting of accreditation and at the anniversary of the Grant of Accreditation date thereafter. All fees are payable within 30 days of the invoice date.

2.4 Additional/Extra Effort

2.4.1 Any additional/extra effort outside of that allowed for within the normal assessment and accreditation process will be charged at UKAS’ standard day rate of £919 + VAT per person day.

In these cases, UKAS will be responsible for its own costs associated with the cancelled or rescheduled assessment. UKAS accepts no liability for any costs incurred by the customer themselves in relation to any assessment cancelled or rescheduled by UKAS in this way.

2.8 Cancellation of Contract

Cancellation of contract by the customer within the first two years following the grant of accreditation will incur a minimum charge of 75% of the total 4-year accreditation fee. For cancellation of contract after year two, the customer will be required to pay in full the total fees remaining for the entire accreditation cycle.
