ISO 15189 – Types of evaluation – Supporting Activities.....	35
ISO 15189 – Types of evaluation – Virology	36

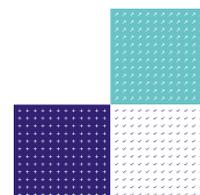

Changes to previously used schedule terms are indicated in the tables below in **bold** text

ISO 15189 – Master term glossary

Link back to [Contents](#) page

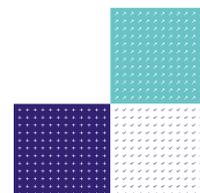

Object of conformity assessment	Type of evaluation
DATA FROM MOLECULAR TESTING	Andrology examination for the purpose of clinical diagnosis
HUMAN BODY SAMPLES	Blood Transfusion
ENVIRONMENTAL SAMPLES	Blood Transfusion examination for the purpose of clinical diagnosis
REFERRED MICROBIOLOGICAL CULTURES	Clinical Biochemistry examination for the purpose of clinical diagnosis
SUPPORTING ACTIVITIES	Cytogenetics examination for the purpose of clinical diagnosis
	Gynae Cytology examination for the purpose of clinical diagnosis
	Haematology examination for the purpose of clinical diagnosis
	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
	Histology examination for the purpose of clinical diagnosis
	Immunology examination for the purpose of clinical diagnosis
	Long-term archive storage of blocks and slides
	Microbiology examination for the purpose of clinical diagnosis
	Molecular Genetics examination for the purpose of clinical diagnosis
	Mortuary service
	Neuropathology examination for the purpose of clinical diagnosis
	Non-gynae Cytology examination for the purpose of clinical diagnosis
	Phlebotomy
	Sampling with subsequent testing at a laboratory accredited to ISO 15189:2022 or ISO/IEC 17025:2017
	Specimen reception
	Virology examination for the purpose of clinical diagnosis

ISO 15189 – Types of evaluation – Cytogenetics

Link back to [Contents](#) page

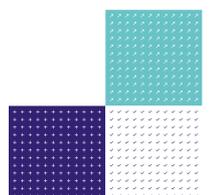

Previously used schedule term	Converted master term
Chromosome analysis for the purpose of clinical diagnosis	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetic examinations for the purpose of clinical diagnosis	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetic examinations, neoplastic genetics including haemato-oncology, - detection of sub microscopic chromosomal imbalance (gains and losses) expressed as changes to copy number and copy neutral loss/absence of heterozygosity	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetic investigations for the detection of Somatic mutations related to the following:	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetics	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetics (Germline and Somatic)	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetics examination activities for the purpose of clinical diagnosis	Cytogenetics examination for the purpose of clinical diagnosis
Cytogenetics examination procedures for the purposes of clinical diagnosis	Cytogenetics examination for the purpose of clinical diagnosis
Molecular and Cytogenetics examination activities for the purposes of clinical diagnosis:	Cytogenetics examination for the purpose of clinical diagnosis
Molecular Cytogenetics (FISH) examination procedures for the purposes of clinical diagnosis	Cytogenetics examination for the purpose of clinical diagnosis

ISO 15189 – Types of evaluation – Gynae Cytology

Link back to [Contents](#) page

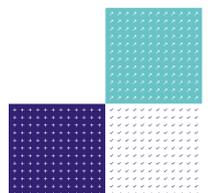

Previously used schedule term	Converted master term
Cervical Cytology examinations to assist in clinical investigations	Gynae Cytology examination for the purpose of clinical diagnosis
Cytopathology (Gynae) examination activities for the purposes of clinical diagnosis	Gynae Cytology examination for the purpose of clinical diagnosis
Gynaecological Cytology	Gynae Cytology examination for the purpose of clinical diagnosis

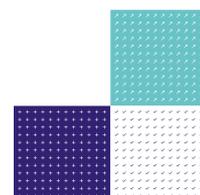

ISO 15189 – Types of evaluation – Haematology

Link back to [Contents](#) page

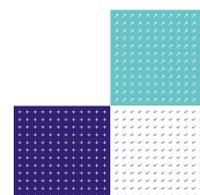

Previously used schedule term	Converted master term
Examination activities for the purpose of clinical diagnosis Haematology	Haematology examination for the purpose of clinical diagnosis
Blood Coagulation Testing for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Coagulation examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Coagulation examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Diagnosis and monitoring of haematological malignancy and bone marrow failure syndromes	Haematology examination for the purpose of clinical diagnosis
Flow cytometry examination for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
General Coagulation examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
General Haematology	Haematology examination for the purpose of clinical diagnosis
General Haematology examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examination activities for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
General Haematology	
Haematological examination activities for the purposes of clinical diagnosis:	Haematology examination for the purpose of clinical diagnosis
Haematological examination for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis

Previously used schedule term	Converted master term
Haematological examinations for the purpose of clinical diagnosis Haemostasis and thrombosis	Haematology examination for the purpose of clinical diagnosis
Haematological examinations for the purpose of haematological malignancy diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examinations to assist in clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological examinations to assist in clinical diagnosis and disease maintenance	Haematology examination for the purpose of clinical diagnosis
Haematological examinations to assist in clinical investigations	Haematology examination for the purpose of clinical diagnosis
Haematological examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematological Malignancies examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematology	Haematology examination for the purpose of clinical diagnosis
Haematology examination activities for purposes of clinical diagnostics	Haematology examination for the purpose of clinical diagnosis
Haematology examination activities for the purpose of clinical diagnosis:	Haematology examination for the purpose of clinical diagnosis
Haematology examination activities for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematology examination activities for the purposes of clinical diagnosis:	Haematology examination for the purpose of clinical diagnosis
Haematology examination for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematology examinations to assist in clinical investigations	Haematology examination for the purpose of clinical diagnosis
Haematology Testing for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haematology Testing for the purpose of clinical diagnosis - Specialist Haematology	Haematology examination for the purpose of clinical diagnosis
Haematology examination activities for the purpose of clinical diagnosis'	Haematology examination for the purpose of clinical diagnosis

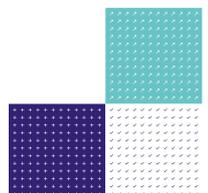

Previously used schedule term	Converted master term
Haematology Haematological examination activities for the purposes of clinical diagnosis.	Haematology examination for the purpose of clinical diagnosis
Haematology Haematology examination activities for the purposes of clinical diagnosis Haemato-oncology examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis Haematology examination for the purpose of clinical diagnosis
Haemoglobinopathy examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haemoglobinopathy examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haemostasis and thrombosis examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Haemostasis and thrombosis examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Immunophenotyping examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Immunophenotyping examination activities for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Immunophenotyping examinations for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Molecular (Haematology) examination activities for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Molecular Diagnostic examinations for the purpose of haematological malignancy diagnosis	Haematology examination for the purpose of clinical diagnosis
Molecular Haematology / Oncology	Haematology examination for the purpose of clinical diagnosis
Molecular Haemoglobinopathies	Haematology examination for the purpose of clinical diagnosis
Molecular Haemophilia	Haematology examination for the purpose of clinical diagnosis

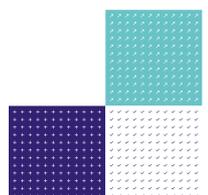

Previously used schedule term	Converted master term
Red Cell Immunohaematology investigations of for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Special Coagulation	Haematology examination for the purpose of clinical diagnosis
Special Coagulation Haematological examination activities for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Special Haematology examination activities for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Special red cells examinations for the purpose of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Specialist Integrated Haematological Malignancies Diagnostics Services (SIHMDS) investigations for the purposes of clinical diagnosis	Haematology examination for the purpose of clinical diagnosis
Specialized haemostasis examination activities for clinical diagnosis	Haematology examination for the purpose of clinical diagnosis

ISO 15189 – Types of evaluation – Histocompatibility and Immunogenetics

Link back to [Contents](#) page

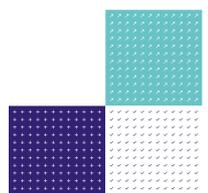

Previously used schedule term	Converted master term
Histocompatibility and Immunogenetics examination activities for the purpose of clinical diagnosis:	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
H&I Examination activities for the purposes of clinical diagnosis	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility & Immunogenetics testing for the purpose of clinical diagnosis	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility & Immunogenetics testing for the purpose of clinical diagnosis.	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility and Immunogenetic examinations for the purpose of clinical diagnosis	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility and Immunogenetic examinations for the purpose of clinical diagnosis for transplantation, disease association and drug hypersensitivity	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility and Immunogenetics testing for clinical diagnosis	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility and Immunogenetics testing for the purpose of clinical diagnosis	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Histocompatibility examinations for the purpose of clinical diagnosis for transplantation, disease association and drug hypersensitivity	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis
Immunogenetic examinations for the purpose of clinical diagnosis for transplantation, disease association and drug hypersensitivity	Histocompatibility and Immunogenetic examination for the purpose of clinical diagnosis

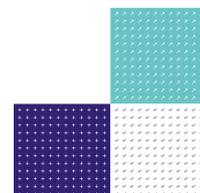

ISO 15189 – Types of evaluation – Histology

Previously used schedule term	Converted master term
Histological processing and testing for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purpose of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Immunocytochemistry	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis (cont'd)	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Electron Microscopy: Interpretation of micrograph	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology	Histology examination for the purpose of clinical diagnosis
Histopathological examination activities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Special stains	Histology examination for the purpose of clinical diagnosis
Histopathological Examination activities for the purposes of clinical diagnosis.	Histology examination for the purpose of clinical diagnosis
Histopathological examination of tissues for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathological examination of tissues for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Miscellaneous examination of tissues for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology	Histology examination for the purpose of clinical diagnosis
Histopathology	Histology examination for the purpose of clinical diagnosis
Examination to identify or exclude morphological and cytological abnormalities for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis

Previously used schedule term	Converted master term
Histopathology Examination to identify or exclude morphological and cytological abnormalities for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examination activities for the purpose of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examination activities for the purposes of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examination activities to identify or exclude morphological and cytological abnormalities for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examination in order to identify or exclude morphological and cytological abnormalities for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examination activities in order to identify or exclude morphological and cytological abnormalities for the purpose of diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examinations for the purpose of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examinations for the purposes of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Histopathology examinations to assist in detection of clinical abnormalities	Histology examination for the purpose of clinical diagnosis
Histopathology examinations to assist in detection of clinical abnormalities	Histology examination for the purpose of clinical diagnosis
Human body tissue: Examination of soft and hard tissues to identify or exclude morphological abnormalities for the purpose of clinical diagnosis	Histology examination for the purpose of clinical diagnosis
Immunocytochemistry of Histopathology examinations to assist in detection of clinical abnormalities	Histology examination for the purpose of clinical diagnosis
