Testing performed by the Organisation at the locations specified

Flexible scope

The laboratory is accredited to ISO/IEC 17025:2017 for testing activities in accordance with the details listed in this schedule. This may also include testing on the same or similar products against jurisdiction-specific requirements that are not specifically listed in this Schedule, in accordance with their documented in-house procedure reference SOP 1.55, providing that:

- 1) The jurisdiction-specific requirements do not introduce new types of test or properties measured;
- 2) The method, procedure or jurisdiction does not require evaluation activities to be made outside the established boundaries defined in this Schedule.

An exhaustive list of activities covered under this flexible scope of accreditation is maintained by, and available from, eCOGRA on request.

Information about flexible scopes of accreditation is available in Publications UKAS GEN 4 and EA-2/15 M.
