 UKAS TESTING 8175 Accredited to ISO/IEC 17025:2017	EUROFINS E&E CML LIMITED	
	Issue No: 013 Issue date: 04 August 2021	
	Newport Business Park New Port Road Ellesmere Port CH65 4LZ United Kingdom	Contact: Andy C Smith Tel: +44 (0)151 559 1160 E-Mail: info@cmlcx.com Website: www.cmlcx.com
Testing performed at the above address only		

DETAIL OF ACCREDITATION

Flexible Scope

The Flexible Scope applies to the laboratory's accreditation to ISO/IEC17025:2017 for testing activities in accordance with the standards listed in this schedule. This may also include tests on the same or similar product types against standards, or customer-specified methods, that are not specifically listed in this Schedule, providing that:

1. The method or standard does not introduce new principles of measurement.
2. The method or standard does not require measurements to be made outside the parametric boundaries defined in this Schedule.

Information about flexible scopes of accreditation is available in UKAS document LAB39

Materials/Products tested	Type of test/Properties measured/Range of measurement	Standard specifications/ Equipment/Techniques used
Electrical Apparatus, Systems, Components, Accessories and Enclosures for use in potentially Explosive Atmospheres	<u>ELECTRICAL PRODUCT TESTS</u>	
Industrial Trucks	Construction, safety and marking	EN 1755:2000 EN 1755:2015
Automatic nozzles for fuel dispensers	Construction, safety and marking	EN 13012:2001
Overfill prevention devices for static tanks for liquid petroleum fuels	Construction, safety and marking	EN 13616:2004
Metering pumps, dispensers and remote pumping units	Construction, safety and marking	EN 13617-1:2012 EN 13617-1:2004
Safe breaks for use on metering pumps and dispensers	Construction, safety and marking	EN 13617-2:2012 EN 13617-2:2004
Shear valves	Construction, safety and marking	EN 13617-3:2012 EN 13617-3:2004
Swivels for use on metering pumps and dispensers	Construction, safety and marking	EN 13617-4:2004
LPG filling systems for light and heavy duty vehicles, nozzle, test requirements and dimensions	Construction, safety and marking	EN 13760:2003
LPG equipment for automotive filling stations. Dispensers	Construction, safety and marking	EN 14678-1:2006
Protection of fans working in potentially explosive atmospheres	Construction, safety and marking	EN 14986:2007 EN 14986:2017
