Proficiency Tests provided from the locations specified	

Flexible Scope:

The proficiency testing provider is accredited to ISO/IEC 17043:2023 for proficiency testing activities as detailed in the Schedule. This may also include proficiency testing schemes that are technically equivalent to these, based on the key operational parameters of:

- Product Matrix Type
- Analysis Type (laboratory analysis or statistical analysis) (quantitative, semi-quantitative, interpretative, comparative)
- Technical competence (Haematology, Biochemistry)

Information about flexible scopes of accreditation is available in UKAS document GEN4 and EA document EA-2/15
